## Fall 2016 Certification

### Study Groups

IndySHRM is planning to offer (with enough interest) both a SHRM-CP/SHRM-SCP SHRM Certification study group as well as a separate study group for those interested in pursuing their PHR/SPHR certification with HRCI. Both study groups will start in either August or September (specifics TBD).

With enough interest in the SHRM certification, a study group that will meet weekly for nine (9) or 10 weeks (specifics TBD) and will use the SHRM Learning System materials to facilitate the SHRM-CP/SHRM-SCP study group will be hosted – the 2016 SHRM Learning System materials are included in the study group price.

With enough interest in PHR/SPHR certification, study groups and will use materials from Human Resources Certification Preparation will most likely meet weekly for 12 weeks (specifics TBD) – the 2016 HRCI materials are included in the study group price.

## Purdue Student Chapter Update

from Amy Wong-

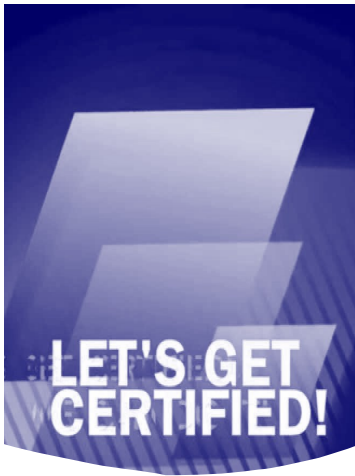

Purdue SHRM President

The current MSHR group is hopeful to start a study group late summer/early fall for those who are graduating in December and want to sit immediately in the SHRM certification exam window for December 2016-February 2017.

Amy will provide more information once interest and schedules are determined. These study groups would be offered on campus.
